the brown. The brown army will leave camp early in the morning and take up a position unknown to the blue army, which will start out a couple of hours later to find and attack the opposing force. A big crowd is expected to follow the soldiers and witness the sham battle, which is sure to be exciting and well worth several miles' tramping to see.

#### CAMP FIRE SPARKS.

A genuine surprise, which is sure to make the soldiers happy as they are to be the whole thing in it, will be sprung tomorrow. Watch for it in The Optic.

After the order of the day is over the soldiers in camp have a merry time tossing "rookies" in blankets and playing other ludicrous tricks on the unsophisticated privates. There is always something doing.

Rumor says that acting orderly to the adjutant, R. G. Head, of Company L, Las Vegas, is to be advanced to chief musician, which will give him the rank of second lieutenant. Head is an enthusiastic guardsman and is deserving of promotion.

Company A of Las Cruces is the best drilled company participating in the encampment. But then it is also the oldest company. Company L of Las Vegas and Company F of Santa Fe are tied for second place in this respect, with L having a little the advantage.

Clinton J. Crandall, jr., of Company F, Santa Fe, enjoys the distinction of being one of the best company buglers. Crandall is a son of C. J. Crandall, superintendent of the U. S. Indian school in the Capital city. He is a crack musician, besides being a good soldier.

Discipline first, last and all the time is the tune Adjutant General Ford is singing. And it is this stand taken by the ranking officer of the national guard that is going to place New Mexico's citizen soldiery in the front rank. Without discipline it is impossible to make a good soldier.

First Lieutenant Graham H. Frost, commanding Company F, Santa Fe, is a splendid officer. Frost is a graduate of the New Mexico Military Institute at Roswell, finishing that excellent school with the rank of senior captain. He is a son of Colonel Max Frost, formerly editor of the Santa Fe New Mexican and well known to old-time Las Vegans.

Albert Clancy, a member of Company F, is acting secretary to the adjutant general during the encampment. Clancy is chief clerk in the office of the attorney general of the territory, Frank W. Clancy, an uncle, by the way. He has an enviable reputation as a baseball player, having played in the Western league last year. Clancy discarded the strenuous pastime of chasing the horseshoe for the simple life of a capitol employee.

Tucumcari is the latest town in the territory to get the national guard fever and steps are now on foot to organize a crack company of militia there. Adjutant General Ford has been communicating with regarding the installation of a company and if it can be shown there is enough material for a strong guard, he will likely approve of the movement. Several military school graduates reside there and from these would be selected the officers of the proposed company.

It is understood that Richard W. Smith will be called upon to explain to an officers' court tomorrow why he has refused to obey military orders to report for duty at the encampment and for other alleged conduct unbecoming a soldier. The trial will be in the nature of an impromptu court martial. In the meantime Smith is enjoying his liberty on parole. If found guilty, he can either be fined or sent to Ft. Wingate for a vacation.

The selection of the New Mexico rifle team, to represent the territorial guard in the national shoot at Camp Perry, O., next month, will be made soon after the encampment closes. The selection will be made in the usual manner, despite reports to the contrary. Upon returning home from the Las Vegas maneuvers, each company will hold individual shooting matches and the scores made will be graded and sent to the adjutant general, who will select the fifteen best shots and these will make the trip east. This manner of selecting the

rifle team will give the members of those companies who were unable to make the trip to Las Vegas, an opportunity to get on the rifle team. No fairer method of selection could possibly be agreed upon.

"The Alamo guards received their suits and guns this week and had themselves cocked and primed for a trip to Las Vegas. Just about the time they were ready to go a telegram was received from the adjutant general to the effect that on account of a deficiency of funds for encampment purposes that only the older companies would be required to report. That settled it. Capt. Shiffler was very much put out as he wanted to boost Alamogordo in line for next year's encampment. But the boys will drill up and next year they will be ready to compete for the drill prize."—Otero County Advertiser.

The Artesia company of the New Mexico national guard is not to attend the encampment at Las Vegas, as announced in The News last week. A telegram from General Ford to Capt. Enfield received here late Sunday afternoon, reads as follows:

"John B. Enfield,

"Artesia, N. M.,

"War department allotment makes your company's participation in this encampment impossible if joint maneuvers are participated in by U. S. next year, therefore you are not required to report at Las Vegas. Letter following.

"FORD

"Adj. Gen.

"So far the letter has not been received, but from the statements in the Albuquerque Citizen we learn that the Artesia, Alamogordo and Roswell companies were formed too late for the last inspection and no allotment was made for their expenses.

"The other companies of New Mexico will meet at Las Vegas this week for the encampment."—Pecos Valley News.

Advice received by Major Adin H. Whitmore from La Cueva ranch are that sixteen days have already been spent in cutting alfalfa that would have been cut in five days, only for the daily rains that have occurred in that vicinity. La Cueva ranch is but 25 miles from Las Vegas as the crow flies.

#### MOTOR CYCLE BLOWS

UP; FOUR ARE KILLED

Berlin, July 19.—Four persons were killed, more than twenty severely injured and a dozen others slightly injured as the result of the explosion of a motor cycle and a fire which followed it in the cycle race at the Old Botanic gardens here yesterday. Thousands of spectators had gathered around the tracks. The first race was over and the second, an endurance race, was on, some of the best known cyclists, including Stollbrink, Cotnent, Kyzer and S. Oll participating. After a few laps, the tire of a pace-maker's motorcycle burst and the rider lost control. The benzine exploded in a burst of flame and the machine leaped into the air and hurled itself against the barrier which broke down crushing the spectators. The rider was among those killed.

The condition of Paul, the eleven-year-old son of Mrs. O. D. Cheatham, of 717 Eighth street, who on Saturday was removed to the Las Vegas hospital in J. C. Johnson & Son's ambulance, to undergo an operation for appendicitis is reported as favorable today. In the last year, with sickness and death, the Cheatham household has been indeed sorely afflicted.

#### ALBUQUERQUE WINS

FROM SANTA FE—3-2

In a good snappy game of baseball on the Santa Fe diamond yesterday the Albuquerque Grays beat the Santa Fe Salmons by a score of 3 to 2 in nine rattling innings. One of the features of the game was the mastery pitching of Hidalgo for the Grays. The game was real baseball through the whole nine innings. In the eighth Santa Fe took a big brace and came near tying the score, which was 3 to 1 up to the beginning of the eighth. A big crowd witnessed the game.

Today N. B. Roseberry received a telegram from Fred Cameron of this city who Sunday a week ago left for Paterson, N. J., going there as an escort to the body of the late George Rue, the Santa Fe engineer who so heroically lost his life while in the discharge of his duty. The message stated that the trip was made without mishap and with but little delay. The funeral took place last Friday, burial being in the Paterson cemetery. Mr. Cameron will return home in the course of a week or so.

## WILL ENFORCE STRICT COLLECTION OF TAXES

Following the announcement of the district attorney's office in Albuquerque that delinquent taxes are to be collected in Sandoval county where from \$60,000 to \$70,000 are in arrears, as a result of which the county is in practically a bankrupt condition, information is at hand to the effect that district attorneys all over the territory are likely to become active in a like direction in the immediate future.

At a recent meeting of district attorneys in Santa Fe the matter of equitable assessments and the collection of taxes was one of the principal matters taken up for discussion by the attorneys and the attorney general. The district attorneys are to meet in Santa Fe again about August 20 when the supreme court is in session and this matter will be one of the chief topics again.

It is learned that Sandoval county is not the only county in New Mexico where taxes are heavily in arrears. There are several of the older counties which have been heavy sufferers from the delinquency of big property owners for years past and it is proposed to remedy this difficulty as far as possible.
